

View Warehouse Sessions

Last Modified on 02/02/2022 12:18 pm EST

View all Pick, Checkout, Returns and Losses recorded against a booking from the View-->Warehouse Sessions option

First, highlight the booking on the grid, then follow the options below

Alternatively, access the same option from the right click menu

Items will show under the tabs below based on their current status in relation the the booking being viewed. That is, if an item was picked, then checked out and later returned, it will only show up under the 'Returned' column, since that is its current status of the item against this booking.

Click the sort arrows  to the left of any column header to sort by that header
