

Sales Form Integration

Last Modified on 07/05/2024 10:21 am EDT

Integrate Sales prospects from your website with RentalPoint3!

1. New sales prospects click a link from your web site, fill out their contact details and general information, then send the request to you.
2. Both you and the sales prospect will receive a confirmation email that the enquiry has been submitted
3. You pick up the request in RentalPoint3 and use the information to generate a quote for their requirements.
